PBIS (POSITIVE BEHAVIOR SUPPORT)

In moving forward with our implementation of PBIS, mount S.O.A.R. Expectations on your wall and review the areas students are having difficulty with.

COMMON CORE

Common Core/Math adoption

Good questions to ask yourself:

1. How can I provide deeper understanding of the concept or the CCSS I am teaching in this lesson?
2. How will I know students "get it?"
Besides learning a particular computation in this lesson, what do you want your students to understand?
3. How do you engage them in their own understanding?
What if they don't "get it?"
4. What do you know about the possible adoptions (Envision or Go Math)? What are your expectations?

*We will be discussing these questions and our goals and wants for our new series.

CURRICULUM CORNER / PROFESSIONAL DEVELOPMENT

Thank you to the district for providing our new teacher iPads! We will be utilizing the expertise of our onsite technology experts as well as district level trainers in providing professional development in next steps for engaging students. In our quest to have 21st century learners, this is a great move forward. As you discover/learn new strategies and websites that work for you in your classroom, let's continue to share the wealth!

SPECIAL REMINDERS

1. All staff, including pupil supervisors and teachers, need to check the bathrooms during recesses. We are having issues with messes and need to stay on top of this.
2. If you place an order with Office Depot, please make sure you stop in and check the office for arrival.
3. Teachers: Please make sure you let Erica know if you will need a translator during parent conference week in advance.
4. We will be having the Halloween Parade beginning at 8:15 AM next Friday. It will be followed by our Fall activities. Students not participating for religious reasons only in the parade, may go to room 22. Please send the office a list no later than THURSDAY.

DUTIES THIS WEEK:

CAFETERIA HELPERS: Rangel & Garduño

CAMPUS CLEAN-UP: Lee, DeLira & Yarborough
